

Washingbay Green Run – Saturday 11th September

After several false-starts, we are now delighted to go again for our 5th Washingbay Green Run.

The past 18 months have been like no other and as an amateur committee we have found it incredibly difficult to cement and communicate an exact fixture date for our much-cherished annual event. We can only apologise for not being able to openly confirm the exact date of our rescheduled event until now due to governmental & legislative changes. When a date is finally recommended to hold the event the subsequent logistical plans, supplier engagements & volunteer availabilities need to align to ensure our events can proceed safely. Only until today have we been able to announce that the morning of Saturday 11th September is good to go!

Unfortunately due to the Covid-19 outbreak and the constant battle to contain its affects across the globe, this year's event cannot replicate all of its previous year's attributes. Services previously provided such as indoor catering, on-the-day entries, shower facilities, etc cannot be offered under our unique procedures for this year. Our updated website www.wbaygreenrun.co.uk contains a Frequently Asked Questions (FAQ) section which we hope addresses a wide range of topics that entrants may have. We will strive to update this section of our website as new questions are asked regularly, in the meantime we ask for your continued patience in our responses to any queries.

As many entrants effectively registered for this event nearly 2 years ago we have attached to this email a full list of entrants thus far and as of Wednesday 18th August 2021.

Other Important Information

Entry is online only, no entries for any event can be accepted 'on the day'.

New website address is [**www.wbaygreenrun.co.uk**](http://www.wbaygreenrun.co.uk)

All refunds that were requested prior to the deadline of Friday 30th October'20 should have been processed soon after that date. Our committee wish to remind entrants that we do not receive any of the entry fees until weeks after the event takes as Athletics NI hold onto all finances and deal with all timely refunds requested internally. Until now we have tried to assist with refunds requested before the deadline of 30th October'20, however if for whatever reason you have yet to receive your requested refund please email [*washingbaygr@gmail.com*](mailto:washingbaygr@gmail.com) under separate cover and along your original request before the aforementioned deadline date; we will try our best to assist via the Athletics NI governing body.

Yours Faithfully,

Brendan Quinn
