

## World Athletics Global Calendar Online platform access guidelines for Competition Organisers

## 1. First access to the Portal and registration with a Member Federation

Once logged in with your World Athletics account, your first access to the Portal will require you to identify yourself as an organiser with the Member Federation(s) to which you intend to submit applications for competitions organised in their country. In order to be granted access to the dashboard and application functionalities, you will need to complete a form by indicating:

- last name and first name
- nationality
- email
- mobile phone number
- Member Federation which should validate the registration (it should be the one within whose territory you will organise the competition)
- A description of the competition(s) you organise

- i. For a competition which has already been staged in the past, search for the competition World Athletics has a very extensive database of competitions (some 15,000 in any given year) so it is very likely that, when submitting a new application for a competition, a previous edition of that competition is already in our records. In order to assist with the process and to avoid creating duplicates in the database, a series of filters will guide you and narrow down the search in order to identify a past edition of the competition:
  - a. Competition type / environment (outdoor, indoor, race walking, etc) use drop-down list
  - b. Country in which the competition is held (can be different from the nationality of the organiser) use drop down list
  - c. City use the dynamic search function
  - d. Date use the calendar function indicating the approximate date of when the competition would have been normally staged in the past
  - e. Click on the Search button and a list of competitions compatible with the filters will be presented
